I am not an expert on PDA's, But I exchanged an old laptop with a MIO P350 a couple of weeks ago, and I'd like to let it work as good as possible.. You can follow the following actions list originally posted by cid254 It works, the ROM is in english.. But it doesn't work for me

driver medical meaning

driver medical meaning, what does driver mean in medical terms, what is a driver in medical terms, what is a driver used for in medical terms [Teamviewer Utilisation Commerciale D eacute:tect eacute:e Mac](#)

I began by upgrading it using Osc260a r05_p09 nb0 and, thanks to your instructions, it worked perfectly.. Doraku88, can you get into engineering mode? I read a tHread on other forum and people said to slide the power switch to on and at mean time hold the power button on the top of machine.. exe go to USB Port->Transmit->Transmit and select MioP550 - Osc260A R05_P09.

My friend has a P360 but I could not get into engineering mode to make a rom backup.. Free Mio P350 Motorola Handset USB Driver for Windows Themes, Games, Apps for If I place a 16Gb card into the slot I can see all the files on it, but I can't use them, I get an error every time I want to start a program or copy a file from it.. But after installing the SDHC cab file I can only read and use a 4Gb SDHC card The Mio P350 is the latest GPS enabled PDA from the Mio "DigiWalker" stable.. But I prefer to have a Chinese P360 Rom or someone can tell me how to get into engineering mode of P360.. exe 6) Check Configuration->Options Set USB Port Download address at 0x3000000 7) Connect the pda to the pc usb port Cool On dnw.

I think it can't read behind the 4Gb limit Another problem is that I can't connect to the Internet.. I installed all the programs and games that where on it again and everything works.. (I'm still looking for the italian version!!) The USB driver for the PC must be installed before to connect the PDA, you can find it here.. Thanks in advance, regards, Ianwyt Is there anyone has Chinese

P360 ROM? I have a English P360 Rom developed by CrashOverHead and I installed it on my P350.. Only normal SD cards work Someone having the same problems? I would really appreciate if I could find a solution to them. e828bfe731
